Hi All,

Please go over this document to learn about our policies regarding the recent spread of COVID-19. Please feel free to contact me with any questions you may have.

I ask that every OIC go over this with their crews as part of their drill to familiarize themselves with the policies.

As our supplies come in, I'll keep people informed. We have ordered Clorox with bleach, towels, gowns, surgical masks for patients. I'll be making diluted bleach solution and placing a spray bottle of it near the Cavicide with the rest of our PPE items. We are looking into ordering N95 masks, bleach wipes for surfaces, Sani-wipes for hands, and sanitizer but obviously those have been harder to find. I will keep you posted as more things pore in. I'll also be making COVID-19 kits as I get all the supplies needed for it.

Stay safe and practice good hygiene guys. Contact me for anything you need!

Regards,
Ankit Parikh
