

Chief's Report – March 2018 - Dimitry Pokrasov

1. Radio

a. No Update - No news, please take care of your radios, no reason to buy this type if they are going to be replaced, eventually.

1. Oxygen

a. Emily is going to reconcile inventory of oxygen bottles. Asking everybody who has PRS bottles to let Emily know including date of last test.

b. We are down to 2 spare bottles and usually we have 6. Any ideas.

c. SFP-15+ Oxygen generation unit is selected, it will be installed in supplies room after small modifications. We are waiting on Proposal for unit and installation. Should cost us under \$23,000.

2. Ambulances

a. 101- leaks coolant and OOS

b. 102 - should be delivered tonight

c. Krishna to schedule a meeting with all interested members to review new 101 plans

3. Fire District

a. I am planning to attend next FD line meeting to discuss what we are going to from Fire District

4. New Scoop -

a. approved by Dr. Harrison our Medical Director. Please take it out from training closed and drill with it. I sent an email with training materials.

b. At this time we are going to use it as Scoop only. When manufacturer will deliver hear restrains we'll think if we want use it as longboard as well.

5. EMSCharts

a. There are changes in charts validation. I am available to work with everybody individually and looking for all charts to be closed.

b. Number of crews are already at 0 incomplete charts and I am continue to work with others. Some have incomplete call since 2014.

6. Suspension

a. For systematic not following SOPs on signing up and caring on shifts Joydeep Paul is suspended from riding for 30 days. Line will email to membership how we are going to address current slippage in signing for and manning shifts.
