

April 2021

Special Thanks

Special thanks to all those members who help out in covering PTEMS when they are down a person. Your help is greatly appreciated in helping cover the town so that people get the proper medical attention in a timely fashion when PTEMS cannot staff a truck.

Promotions

Congrats to Trisha Malhotra on becoming an EMT. Let's help her train towards becoming an EMT2. Congrats to Jegan Gokulchandran on becoming an OIC.

Protocols

Rig Checks (New Jumpkits)

With the addition of the LUCAS devices last month, the rig check sheets did change a bit. Please make sure that whoever checks a specific section puts their initials next to that section on the rig check sheet. If there's stuff missing, please inform the OIC and the OIC should inform the Line. For whoever was under the misconception that we were out of surgical masks, we are most certainly not. If there's stuff missing from the truck and/or the table in the bay, please let me know and I can replenish it or order if needed.

Training/Certifications Up To Date

Make sure you are keeping your training up to date and I believe there are no more extensions on EMT certifications so if you are expiring in June or December of this year, please make sure to take the appropriate classes so that you can get recertified.

Miscellaneous

Chief Driver Report (Krishna)

Training Officer Report (Ankit, Akarsh, Don)

Scheduling Officer Report (Ankit, Abhilash)

Schedules are changing for a lot of people (all the cadets and a few trainees and EMTs as well) so please make sure you take a good look at the schedule to see where you are and what your crew will look like. We have a lot of people riding but do prioritize those who are trying to become EMT2s, EMT1s, etc. over those that aren't.

Radio Officer Report (Ankit, Akarsh, Don)

If you need radios or pagers, please let Don know and if we have stuff available, he'll get one to you.

Uniform Officer Report (Ankit, Akarsh, Don)

Charting QA Report (Ankit, Akarsh, Don)

Charting is looking much better. As mentioned last month, the State is coming after individuals who don't lock their charts within 24 hours so please make every effort to complete your charts and lock them ASAP so that YOU (not the Squad) don't get fined.
