If you have any questions, please feel free to come to me and I'll be happy to guide you.
- And Finally Thank you all for making the last two years a little easier to get through while dealing with the pandemic. I certainly couldn't have done it without you all and I'm proud to say that we covered every one of our shifts that we were supposed to even when neighboring towns as well as PTEMS were short staffed and not able to get their shifts covered.
